The Security Council has considered the Somalia/Eritrea monitoring group's final report on Eritrea.

Different views were expressed regarding the report's content and its recommendations. Among them were questions and concerns about the methodology used by the Group especially in terms of reliability of sources and validity of information. Some delegations urged the experts to strictly adhere to these basic principles governing the work of all SC sanctions committees groups.

The 751/1907 Committee has already started consideration of the report which will be submitted to the Council and published as its official document.
